

Amendments to the Specification:

Page 7, replace the paragraph beginning on line 5 with the following paragraph:--

FIG. 1 ~~Figure~~ is a graph showing the relationship between $\text{SrO}/(\text{SrO}+\text{BaO})$ and the liquidus temperature.

Same page, between lines 6 and 7 insert the following paragraph:

--FIG. 2 shows an envelope of a conventional CRT comprising a panel portion 1 for projecting video images, a tubular neck portion 2 with an electron gun arranged therein, and a flare-shaped funnel portion 3 connecting the panel portion and the neck portion 2. --
